Outlook for 2019

Most of the above mentioned projects will continue – in most of the cases slightly changed and adapted to the actual situation – in 2019.

In addition, for 2019 new projects in Armenia, Croatia, Czech Republic, Estonia, Finland, France, Germany, Greece, Italy, Portugal, Russia, Serbia and Switzerland in the fields of archaeology, traditional handicraft techniques, traditional rural heritage, revitalisation of abandoned heritage, restoration of historical gardens and maintenance of natural heritage are in preparation.

Beside that additional proposals for projects in 2019 and 2020 in other than the above mentioned countries are under discussion.
