OVERVIEW OF REGULAR WEEKLY SCHEDULE (MONDAY TO FRIDAY)

The European Heritage Volunteers Programme aims to ensure that the schedules for all courses and projects follow a consistent format. This helps maintain the overall quality and coherence of the programme while providing participants who take part in multiple projects with a familiar structure and a logical flow.

The following table presents the regular daily schedule from Monday to Friday.

ARRIVAL AND PREPARATIONS

The participants arrive on Sunday between 17:00 and 18:00.

In case of need due to logistic reasons, the Group Coordinator(s) arrive one day before the participants to carry out the necessary preparations. This may be required, for example, in the case of self-catered projects, where the initial grocery shopping must be done on Saturday, as shops are closed on Sundays.

OVERVIEW OF EDUCATIONAL ACTIVITIES

The following overview indicates the planned schedule of educational activities on specific days. Unless otherwise specified, educational activities take place after the practical work on-site, generally in the late afternoon or early evening. Please note that activities marked in **bold** are fixed and cannot be rescheduled.

Please also note that on Saturday the participants have a full-day excursion organised by the Project Partner. If neeed, European Heritage Volunteers can provide reccommendations in this regard. Sunday is a free day for all participants and the group reconvenes for a shared dinner on Sunday evening.

A **public event** may be included in the schedule if it is in the interest of the Project Partner. The event provides an opportunity to showcase a selection of presentations by the participants, as well as to introduce the course or project to the wider audience.

Ideally, the public event should take place during the second week of the course, on Tuesday, Wednesday or Thursday in the early evening. However, the exact day may be adjusted if there is a need to align the event with other activities taking place during the course or project. Depending on the date of the public event, the schedule of other educational activities may need to be adjusted accordingly.
